

中神通大地 EDR&DNS&URL&VPN 云控管系统-文档资源

TrustComputing TrustGate EDR&DNS&URL&VPN Cloud Control System - Document resources

http://www.trustcomputing.com.cn/help/TrustComputing_DADI_Document_Resource_List.docx

一、官方网页 Official website

1、中神通大地 EDR&DNS&URL&VPN 云控管系统-官网

TrustComputing TrustGate official website

<http://www.trustcomputing.com.cn/cn/index.php/product/dns-url>

2、中神通大地 EDR&DNS&URL&VPN 云控管系统-下载地址

TrustComputing TrustGate download website

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1174>

【联系方式】

全天咨询热线：13607188723 胡经理

官方微信号： utmwall（名称：中神通信息）

官方联系 QQ 号：390226588

官方交流 QQ 群：233482006

官方技术论坛：<http://trustcomputing.com.cn/bbs/>

用户交流 BBS：<https://bbs.360sec.top/>

二、技术文档 Technical documentation

1、中神通大地云控官网

TrustComputing TrustGate official website

<http://www.trustcomputing.com.cn/cn/index.php/product/dns-url>

2、中神通大地云控产品类型对比说明

Comparison of product types of TrustComputing TrustGate

<http://www.trustcomputing.com.cn/cn/index.php/product/compare/126-alldadi>

3、中神通大地云控 vWAN 架构暨下一代路由系统 NGROS 介绍

Introduction to TrustComputing TrustGate vWAN Architecture and NGROS, The Next Generation ROuting System

<https://www.trustcomputing.com.cn/bbs/viewthread.php?tid=2141>

4、中神通大地云控、VPN、SD-WAN、SASE 比较

Comparison of TrustComputing TrustGate, VPN, SD-WAN and SASE

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1763>

5、云市场 VPN 商品比较

Comparison of VPN products in cloud market

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1825>

6、五种 Linux EDR 产品比较

Comparison of Five Linux EDR Products

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1903>

7、从等级保护的“一个中心，三重防护”看中神通大地云控的功能实现

The Implementation of TrustComputing TrustGate Function from the Perspective of "One Center, Triple Protection" in Classified Protection of Cybersecurity

<http://www.trustcomputing.com.cn/cn/index.php/support/techdocs/127-djbh>

8、中神通大地云控——多 WAN 路由解析功能介绍

TrustComputing TrustGate —Introduction to Multi WAN Routing Resolution Function

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=2125>

9、中神通大地云控——IP 可视化功能介绍

TrustComputing TrustGate —Introduction to IP Visualization Function

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=2128>

10、给 WEB 应用一个安全稳固的家

Provide a secure and stable home for web applications

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1925>

11、自带 WAF、EDR、AV 保护的大地云控安全 WEB 服务器

TrustComputing TrustGate's WEB Server with built-in WAF, EDR, and AV protection

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=2058>

12、中神通大地云控 WEB 服务器自定义 URL 功能介绍

Introduction of custom URL function of TrustComputing TrustGate's WEB Server

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1478>

13、Darkside 勒索病毒的网络防御措施

Network defense measures against Darkside virus

<http://www.trustcomputing.com.cn/cn/index.php/support/techdocs/121-anti-darkside>

14、零信任 VPN 系统

Zero trust VPN system

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1592>

15、自建 SD-WAN 攻略——中神通大地云控篇

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=2129>

16、运用 Mesh VPN 自建去中心化网络基础设施服务

Self built decentralized network infrastructure services using mesh VPN

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1820>

17、运用中神通大地云控组建 Mesh VPN 网络

Establish mesh VPN network by using TrustComputing TrustGate

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1821>

18、运用 WireGuard 构建下一代内核级 VPN

Using wireguard to build the next generation kernel VPN

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1741>

19、中神通大地云控全栈 VPN 服务器 vs OpenWrt 全栈 VPN 客户端

TrustGate Full Stack VPN Server vs OpenWrt Full Stack VPN Client

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1966>

20、中神通大地云控 IPv6 说明

Description of TrustComputing TrustGate's IPv6 function

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1406>

21、建设 IPv6 权威 DNS、DDNS 域名解析服务

Building IPv6 authoritative DNS and DDNS domain name resolution services

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=2068>

22、如何让 Windows 网络邻居安全的在云上复活？

How to make windows network neighborhood safely revived in the cloud?

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1668>

23、大地云控与传统 DDNS、内网穿透相比的特点和优势

The characteristics and advantages of TrustComputing TrustGate compared with traditional DDNS and LAN penetration

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1543>

24、大地云控基于 GRE 隧道+端口映射的公网穿透

Public network penetration of TrustComputing TrustGate based on GRE tunnel + port mapping

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1611>

25、中神通大地云控的流量统计、控制、计费、运营功能介绍

Introduction of traffic statistics, control, billing and operation functions of TrustComputing TrustGate

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1581>

26、中神通大地云控基于 RADIUS 用户认证的“一号通”功能

TrustComputing TrustGate's "One Stop" function based on radius user authentication

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=2050>

27、中神通大地云控-推出 TOTP 动态密码认证功能，让天下无贼

TrustComputing TrustGate Launches TOTP Dynamic Password Authentication Function to Ensure No Thieves in the World

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1563>

28、中神通大地云控-TOTP 动态密码认证设置及使用过程

Setting and using process of TOTP dynamic password authentication of TrustComputing TrustGate

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1562>

29、NAT 端口转移让您的业务四通八达无所不在

NAT port transfer allows for ubiquitous business connectivity

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1917>

30、中神通大地云控-VPN 端口映射设置及使用过程

VPN port mapping setting and using process of TrustComputing TrustGate

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1561>

31、安卓系统在 4G 移动数据流量及 WIFI 时设置（DOT 加密）DNS 服务器

Android system in 4G mobile and WiFi setting (DOT encryption) DNS server

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1631>

32、在 Docker 容器中安装使用中神通大地云控系统

Installing and using TrustComputing TrustGate system in docker container

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1606>

33、在公有云市场中使用大地云控 OS 镜像的注意事项

Considerations for Using TrustComputing TrustGate OS image in public cloud market

<http://www.trustcomputing.com.cn/bbs/viewthread.php?tid=1540>

三、界面演示 Demo

1、管理界面静态演示

Static demonstration of WEBAdmin

<http://www.trustcomputing.com.cn/demo2/>

中文：

<https://www.trustcomputing.com.cn/demo2/cn.html>

English:

<https://www.trustcomputing.com.cn/demo2/en.html>

2、管理界面在线演示

Online demonstration of WEBAdmin

<https://t.360sec.top:8443>

中文用户名: adm 密码: fromzerotohero666

English User: admin Password: fromzerotohero666
